SWEET (150, SF)  
WONDERFUL (150, SF)

## Nuts

ALL-IN-ONE ALMOND (400, SF)

In parentheses are shown the estimated winter chilling requirements (hours below 45°F required to set a satisfactory crop) and the pollination requirements.

SF means self-fruitful (or partly self-fruitful) in most climates of the Western U.S. PR means pollenizer required.

ASTERISK (\*) INDICATES PATENTED, PATENT PENDING, OR PROPRIETARY ITEM.
