

Dave Wilson Nursery is currently seeking a Production Project Supervisor:

The Production Project Supervisor is responsible for 6-8 employees in our production department. This role will report directly to the Director of Production and ensure deliverables fall within the scope of the project. The project includes forecasting, planning and executing the crop stand on our farm and in our greenhouse. We are looking for a dedicated individual with experience in projects that require high level details.

ESSENTIAL FUNCTIONS

- Lead support staff through successful implementation of production project
- Delegate project tasks based on current needs
- Utilize project management software to share current and forecasted production
- Track project performance and analyze successful completion of goals
- Communicate regularly with team on status of projects
- Use analytical skills to solve problems and report data

MINIMUM QUALIFICATIONS

- Community College degree in Agriculture and/or Business
- 2-3 years of people management with direct reports
- Must fluently speak Spanish and English
- HIGH level attention to detail
- Strong time management skills
- Desire and ability to work outdoors
- Ag production knowledge preferred
- Weekend work required during production season
- Required to work a flexible work schedule, including weekends.
- Microsoft Office Proficiency
- Excellent Written and Verbal Communication skills
